I attended Donna’s A1ExceptionalPerformance training session in August 2009 at the University of Michigan Dearborn and found it to be a very useful seminar. Donna in particular is a very powerful and motivating speaker. I would highly recommend this training session to anyone seeking some financial and career advice. -- Andrea Monica Dudek, Student, University of Michigan-Dearborn

I was totally impressed with your knowledge and your ability to deliver the message intended. Your session was quite beneficial and your approach was very soothing and interesting. Your timely revealing of the hidden information on the slides created an exciting atmosphere of anticipation. Once again, thank you for the opportunity and your invitation to me. -- Omar Khandezar, Automation Engineer, Ford Motor Company
